FORT MYER HEIGHTS IS ONLY 5 SQUARES from the Penn. ave. and F st. car lines. Compare this distance from the cars with the distance from your present suburban home to the cars. Besides, 4 new rullrads (3 electric and the Penn. steam R.R.) have recently been constructed through our section, all of which will cross the river at Georgetown in the mear future, giving direct access to all parts of the city for one fare—how will this effect real estate values? Think of lots at 8c. a sq. ft. only 2 miles from the Tressury Dept. Executive Mansion and State, War and Navy bidg. Look back 20 years and see the fortunes that have been made by the growth of Washington while you hesitated and put off and off until the lots that were offered you at 5c. a sq. ft. are now selling at \$2 to \$5 a ft. Will you continue to besitate, when the same chance is offered you today in our property? Next Congress will be asked to take this section into the city limits. Sonators, capitalists and shrewd investors know how this will effect values, and they are continually buying up real estate in this section. Remember, the government is now drawing plans for the new memorial bridge, and the War Dept. is erecting a power house to light up the Military road and Fort Myer Heights Land Co. for future building, &c.
